

OMRM 127 PRO

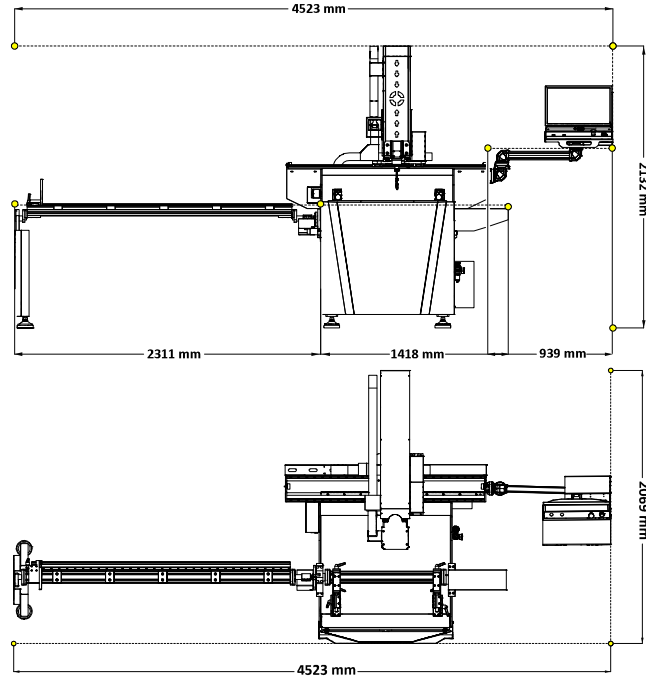

3+1 Eksenli CNC Alüminyum PVC Profil Freze Makinası 3+1 -Axis CNC Machine for Aluminium PVC Profiles

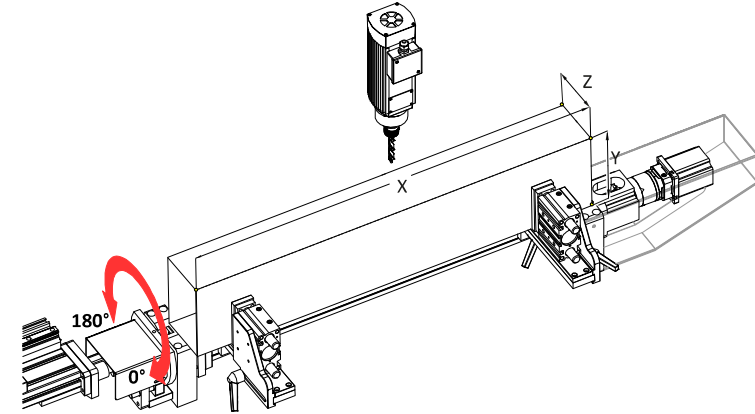

TR

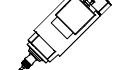

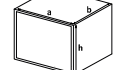

- CNC İşleme Merkezi Alüminyum kanat profillerine kilit, kol ve barrel deliklerini 0,1 mm hassasiyetle yapmaktadır
- 1 adet, 2,2 kW, 18000 rpm Hertz Motor
- Otomatik soğutma sistemi
- Güçlü gövde yapısı ve lineer kızak sistemi ile hassas ve hızlı işlem sağlar
- Lineer kızaklar için manel yağlama deposu
- Manuel çift mengene ile sabitleme
- Servolu döner tabla üzerinde, 0° ile 180° arasında interpolasyon işleme
- 1900 mm'lik metre üzerinde manuel kayar dayama sistemi ile kolay profil sabitleme
- CSV dosyası aktarım avantajı
- Sınırsız işlem kapasiteli
- 21,5" ekran, Windows tabanlı işletim sistemi
- Kullanıcı dostu arayüz (TURBOCAM)
- Uzaktan bağlantı ile sorun teşhisi ve servis imkanı

EN

- CNC Machining Centre makes lock, lever and barrel holes in aluminium wing profiles with 0.1 mm precision
- 1 unit, 2.2 kW, 18000 rpm hertz motor
- Automatic cooling system
- Provides precise and quick operation with is strong body structure and linear slide system
- Manual lubrication tank for linear guides
- Fixing with manual double clamp
- Interpolation machining between 0° and 180° on servo rotary table
- Easy profile fixing with manual sliding system on 1900 m metre
- CSV file transfer advantage
- Unlimited operation capacity
- 21.5" screen, Windoows-based operating system
- User-friendly interface (TURBOCAM)
- Problem diagnosis and service via remote connection
